

"Louise Holler"
Thurs. Evening.

My Dear Delusha! —

I have intended to write
to you every since we
came but have been so
busy - and we've looked
for you folks to come over!

I am enjoying myself
now - feel fairly well but
not very strong. Ellen, Geo
and I have high old
times - we laugh until we
almost lose our breath.

Ma was over today
for awhile. Old scamp
I wanted her to stay

To dinner but she couldn't
Go & I was up home
Tues. for dinner - I wanted
to go there & I had to see
the Dr. & Les went up to
do cement work for Dad.
I won't do as I used to
wait for "Paw" & "Maw" to
say "go" - I say go it
and go I do! I tell you
I am done being
fussed like a ten year
old kid.

The piano tuner
came today so when he
finished up there he
came down & cleaned
my organ. It sounds
dandy. He was here for

dinner - young man - &
 we had a nice visit
 even if he was a stranger.

Ellen wants to know if
 you've got any beans left?
 She's been telling me how
 much fun you had when
 she was down there.

Suppose Grandma
 will be home soon - Ma
 said she was looking
 for her any day.

Well well wonders
 will never cease - so
 Marion is married!!
 How we laughed when

we heard what a trick
Ike played on them. Well
I hope Frank can act
a little more sensible now
he tried to get every old
woman - maid & girl to
"go mit him" in Osego I
guess. The way he acted
when he built Dad's silo
over Marion & her Ma would
make a cat laugh we
nearly died just to hear
& see him!

Say old girl I
want you to come over
Now we want your folks
to come over Sunday to
dinner & come early. Now
be sure & come! Dont
you dare fail either!!!

I aint going to write
 any more - Will wait
 & tell you. Be sure &
 ask me about "Johnny
 Jump up" I got a
 joke to tell you that
 will crack your sides.
 But dont ask before
 any body for goodness
 Sakes - Remember
 now we'll expect you
 folks.

Love,
 Loring

Old Lady Colwell

(Geo. calls me old lady so I
 s'pose this is me name.)
